

ENGINEERS OF TOMORROW

Fall 2009
Boys/Girls Grades 6th – 12th

Engineers of Tomorrow... Preparing Tomorrow's Engineers Today.

This program is designed to enhance the intellectual abilities of our youth curious about the field of engineering. We will build both the students, and their communities with our community outreach activities. We want to ensure that when our participants go to college, their performance is great both on the academic as well as social level.

The Engineers of Tomorrow is a program for boys and girl. Students **grades 6th – 12th** are eligible to participate in the program.

Program Description

Engineers of Tomorrow is a engineering Program geared towards stimulating and enlightening the minds of the youth. The program is a thirty-week course held on Saturdays from 9am until 1pm. Participants will receive hands on experience with in the various fields of engineering such as civil engineering, electrical engineering, industrial engineering and manufacturing. Participants will also take part in workshops for career development, a tour of an Engineering university, guest speakers in the field of engineering and numerous hands on projects. Upon completion, participants will have a better understanding of the field of engineering, working knowledge of engineering concepts and exposure to career opportunities in the field of engineering.

Important Dates & Information

Classes will be held on Saturday mornings from **9am-1pm**. For Pontiac residents, participants will depart from Pontiac at **8am** to arrive in Flint for class. A calendar will be provided to each participant prior to the first day of class to inform them of each class session. Parents, it is important that you read over the calendar so that you can be aware of every class date. If a class is canceled, you will be contacted in advance. Parents are encouraged to attend presentations presented by the participants.

Attendance is very important in the Engineers of Tomorrow program. We push our participants to think outside the box like various engineers in the industry. That is why it is important that participants display the same commitment as the staff of the Engineers of Tomorrow program. Participants will be allowed **3** unexcused absences before being automatically withdrawn from the program.

For any additional information, you can contact a Youth of Tomorrow representative at info@yoft.org.

Thank you for your interest in academics in the city of Pontiac!!
